

From January 2017

becomes

Why the change?

We are pleased to announce the completion of our secondary buyout.

This means our existing UK management team now has full ownership of the business, so we are completely independent of Triten Corporation in the US.

This positive move forward enables the company to reposition itself as a focused hardfacing and refurbishment specialist business.

We are also able to communicate the UK's largest bespoke range of hardfacing products and services under one roof.

What is our new identity?

Red Dog Linings - abrasion resistant solutions

Red Dog Hard Faced Plate - sole manufacturer of T200X™

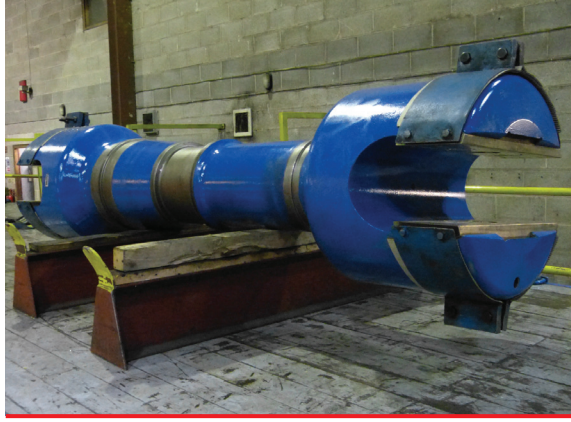

Red Dog Refurbishment - for plant components in process industries

Red Dog Roll Reclamation - achieving product and life extension through refurbishment technologies

What does the future hold?

- Target future growth by increasing our existing products and services
- Continue to invest in new equipment to expand the products and services we offer our customers
- Build a group of companies which can offer a full range of abrasion and corrosion resistant coating solutions
- Continue to support our customers with solutions and high quality products
- Develop long term customer partnerships.

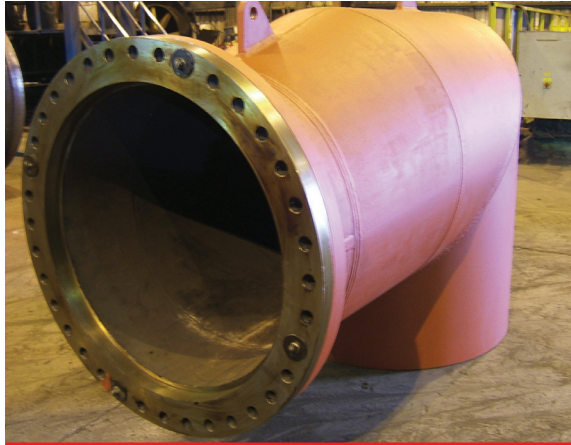

How it will affect you?

This is a change of name, not a change of company. All personnel, company registration number, bank account details, address and phone numbers remain the same.

Our **new** email address from 1 December 2016 will be sales@rdlinings.com

Our **new** website goes live on 31 December 2016 at: www.rdlinings.com
